

15 blues fest

It's summer all year round in this sunny kitchen, with fresh blue finishes reflecting the adjoining pool area.

WHAT WE LOVE

- ✦ Family-friendly with its galley-style layout and island bench, this kitchen is easy to move around and allows for plenty of extra seating.
- ✦ The Caesarstone benchtop in Aquarium features a subtle blue chip to match the pool.
- ✦ Custom-mixed to match a painting, the starfire glass splashback also picks up on the water theme
- ✦ Cabinetry is finished in 2pak satin in Dulux Grand Piano, the bright white throwing the

focus on beautifully grained feature shelves and cabinets in American walnut veneer.

- ✦ It's all in the details – brushed aluminium kickboards and Elite D pull handles add a dash of sophistication to the cabinets.
- ✦ Display shelves, filled with favourite china pieces, are individually illuminated thanks to track lighting by Keith Ritchie Lights.
